Discovery Recovery House hosting virtual housewarming

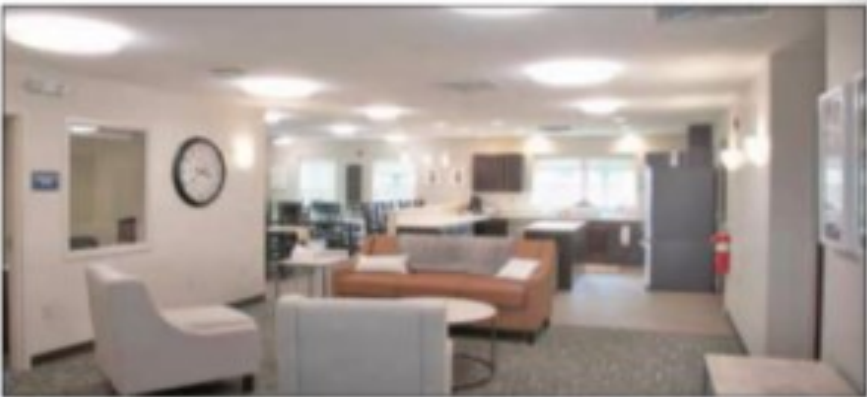

The Medina County Alcohol, Drug Addiction and Mental Health (ADAMH) Board, in collaboration with OhioGuidestone, has announced plans to host a virtual "housewarming" event during the month of February for the new recovery housing facility for women in Medina County.

The Discovery Recovery House opened in June 2021. The facility was built and is owned by the Medina County ADAMH Board and is being operated by OhioGuidestone, one of Ohio's leading behavioral health agencies.

The project was made possible through the support of a local human services levy that the residents of Medina County approved in 2019.

"OhioGuidestone has been an ADAMH Board provider agency since 2017 and has become an integral part of the ADAMH Board's mental health and substance use continuum of care," said Medina County ADAMH Board Executive Director Phillip Titterington. "OhioGuidestone staff are always willing to work together to meet the needs of Medina County residents. They work tirelessly to ensure the success of the individuals they work with."

The Discovery Recovery House is a Level 3 recovery house offering supervised living conditions for up to 12 women actively working towards long-term sobriety. The facility provides peer recovery services, recovery supports, education skills, employment skills, substance use treatment options and linkage to other resources to help with future independence.

The Discovery Recovery House opened in June 2021. The 189 Northland Drive facility was built and is owned by the Medina County ADAMH Board and is being operated by OhioGuidestone, one of Ohio's leading behavioral health agencies.

"The Discovery Recovery House has had an immediate impact on our community," said OhioGuidestone Peer Recovery Coordinator Stefanie Robinson, who oversees operations. "We are seeing women come in and successfully build strong foundations for life-long recovery."

During the month of February, the Discovery Recovery House staff is asking for community support with donations to help provide many essential items for the women staying at the facility.

There is an Amazon wish list available to make purchasing items easy and convenient. These essentials will go a long way toward helping these women on their journey of recovery.

The Medina County Alcohol, Drug Addiction and Mental Health Board's mission is to assure the

availability of high-quality alcohol and drug addiction and mental health services to all Medina County residents through planning (assessing needs and resources and determining priorities); purchasing cost-effective services to the extent resources are available; coordinating services; and evaluating these services.

OhioGuidestone, a leader in the field of behavioral health, has been helping individuals throughout Ohio reset their paths, reclaim their autonomy and restore their purpose for more than 157 years. The non-profit Berea-based organization connects individuals with the resources needed to achieve life-long success, providing community counseling, substance use disorder treatment, early childhood mental health services, workforce development training, foster care services and more.
