# MISSION

The mission of the Medina County Alcohol, Drug Addiction and Mental Health (ADAMH) Board is to assure the availability of high quality alcohol, drug addiction and mental health services to all Medina County residents through planning (assessing needs and resources, and determining priorities); purchasing cost effective services to the extent resources are available; coordinating services; and evaluating these services.

## OUR ROLE

The Medina County ADAMH Board's Board of Directors is a public body comprised of up to 14 county citizens appointed by the Ohio Department of Mental Health and Addiction Services (OhioMHAS) and the County Commissioners to serve voluntarily. The ADAMH Board identifies needs; funds, monitors, and evaluates mental health and substance use disorder services. The ADAMH Board contracts with providers to offer treatment, prevention, education, and recovery supports.

## PAYMENT FOR SERVICES

The charge for services at an ADAMH Board contracted provider is contingent upon how much an individual or family can afford to pay, based on family income. Payment is accepted from private insurance, Medicaid, Medicare and other sources first. The ADAMH Board is always the payer of last resort. Individuals are offered the opportunity to enroll in the Board's Ability to Pay Fee Schedule through the agency to ensure that behavioral health services offered locally are available to them. The Medina County ADAMH Board utilizes funds to share in the cost of services when clients, who are Medina County residents are unable to afford full payment. No one is turned away because of the inability to pay.

## MEDINA COUNTY HUMAN SERVICES LEVY

On November 3, 2019, Medina County citizens passed a human services levy, which provides approximately \$5 million annually to support the ADAMH Board, Medina County Job and Family Services, and the Medina County Office for Older Adults to secure and

increase needed services. The ADAMH Board is utilizing levy funding to improve available crisis and suicide prevention services, expand recovery housing and peer support programming, subsidize supportive housing, and increase available services and supports. The ADAMH Board is thankful to all who supported the levy.

## ADAMH BOARD FUNDED ORGANIZATIONS

Alternative Paths and OhioGuidestone were the largest community-based behavioral health agencies funded by the ADAMH Board in FY2022. Their mix of services provided Medina County residents with a choice of providers that offered local mental health, substance use disorder and recovery support services, as well as access to a full continuum of care through partnerships with neighboring counties. Catholic Charities also receives ADAMH Board funding to provide senior case management services to individuals age 60 and over, as well as mental health and substance use counseling for all ages. During FY2022, the ADAMH Board continued to provide funding to Hope Recovery Community (HRC) to provide a continuum of peer and recovery support services throughout Medina County with brick and mortar locations in the Cities of Medina and Brunswick. Additionally, the ADAMH Board funds the Discovery Recovery House, an ADAMH Board owned, certified 12 bed, level 3 house for women, and supported longtime certified recovery housing partner, Cathy's House. The Medina County ADAMH Board also funded numerous other initiatives in Medina County, which range from early childhood services, recovery navigators, permanent supportive housing, and school prevention, all the way through programming for senior citizens, to assure a comprehensive array of services for residents.

## WORKFORCE

Throughout FY2022, workforce shortages have continued to impact the ADAMH Board and our provider agencies, as well as many others across Ohio and the nation. These workforce shortages not only impact wait times for counseling services, they also impact the behavioral health field in other aspects. There are youth residential treatment facilities that have stopped operating, and others that decline to accept youth with certain behaviors, due to a lack of staffing. Additionally, we have seen large increases in residential group home rates, with operators citing the need to attract staff at higher pay rates. The ADAMH Board has, and will continue to work diligently to assist our provider agencies with recruitment and retention efforts.

## CAMPUS OF SERVICES

The ADAMH Board is located in the Human Services building, where Alternative Paths and OhioGuidestone are also located and providing outpatient and community-based behavioral health services such as diagnostic assessment, group and individual counseling, Medication-Assisted Treatment (MAT) and crisis services. Also located in the building is the Medina County Office for Older Adults, and across the parking lot are Medina County Job and Family Services, and the Veteran's Administration. Within a short walking distance are Medina Metropolitan Housing Authority (MMHA), Community Action Wayne/Medina, Hope Recovery Community, the Discovery Recovery House for women, Cathy's House, and many businesses with employment opportunities. This setting allows easy access to treatment and recovery supports while reducing barriers such as transportation.

Alternative Paths, Inc. is a not-for-profit provider of community-based behavioral health services. Their main campus is located in Medina, and they have satellite offices in Lodi and Wadsworth. Alternative Paths is comprised of a multi-disciplinary team consisting of psychiatrists, psychologists, nurses, counselors, social workers, case managers, prevention staff, and community supportive psychiatric treatment professionals who work collaboratively to develop a plan of care appropriate to the needs of each client they serve.

**Received 2,812 adult  
and 399 youth crisis  
calls in FY2022.**

Alternative Paths is the County's agency for providing crisis services to residents through their 24/7 Crisis & Behavioral Health Helpline. The agency has traditionally specialized in treatment for adults and youth experiencing Serious Mental Illness (SMI), including schizophrenia, bipolar disorder, major depression, and other psychotic and personality disorders. Alternative Paths also provides mental health and substance use disorder services to individuals incarcerated in the Medina County Jail. Six years ago, Alternative Paths expanded their array of services in numerous arenas, including a full range of

services for substance use disorders, including individual and group counseling, and a Medication-Assisted Treatment program. They also expanded treatment for youth with Serious Emotional Disturbances (SED) and child psychiatry services, and became the gatekeeper for inpatient treatment for multi-system, high-risk youth through Family First Council's Service Coordination and the local ICAT program. New programming in FY2022 included the implementation of a LOSS (Local Outreach to Suicide Survivors) Team, which dispatches clinicians trained in crisis response to the location of a suicide death to provide support to loved ones in the immediate hours and ongoing, after they have lost someone to suicide. Overall, in FY2022 Alternative Paths served 5,652 unique, unduplicated clients, and received 2,812 adult and 399 youth crisis calls.

OhioGuidestone is a full-service, not-for-profit, comprehensive, community-based outpatient behavioral healthcare organization that was a new contract agency for the ADAMH Board in FY2018. OhioGuidestone provides mental health and substance use disorder services for children, adolescents, and adults of all ages. The professional staff at OhioGuidestone are comprised of psychiatrists, psychologists, social workers, counselors, case managers, peer supporters, prevention staff and community supportive psychiatric treatment professionals who are there to help those seeking assistance in dealing with individual or familial concerns related to mental health, psychiatric, relational or substance use problems.

**OhioGuidestone served 1,273 individuals with mental health and substance use needs in FY2022.**

In FY2022, OhioGuidestone served 1,273 individuals with mental health and substance use needs. With ADAMH Board support, OhioGuidestone has implemented a robust peer support network of services, which has built up over the last four years and become a thriving program. In FY2022, the OhioGuidestone MAT open access walk-in clinic served 217 unduplicated individuals. OhioGuidestone oversees the ADAMH Board's 12-bed women's Discovery Recovery House, and they offer

clinical services for the women residing there. FY2022 was the first full year of operation of the house, and 43 women were served. Looking ahead to FY2023, OhioGuidestone will manage the ADAMH Board's Youth Resiliency & Counseling Center (YRCC), which is currently under construction. OhioGuidestone services are offered in an office setting, the community, or in a client's home, thereby reaching people in outlying communities and reducing barriers to treatment and services.

In 2018, the ADAMH Board supported the hiring of a Peer Recovery Coordinator and the expansion of peer recovery support services through OhioGuidestone. The Peer Support Coordinator, along with support from the recovery community initiated a 501(c)3 by the name of Hope Recovery Community (HRC). HRC was created to provide peer support and recovery support services county-wide. The ADAMH Board was successful in receiving state capital funding to purchase and renovate a home on Highland Drive in the City of Medina that became a county-wide peer recovery support network and hub. This house is the home of Hope Recovery Community (HRC) who operates as a certified Recovery Community Organization (RCO).

HRC opened their doors in October 2019 and have established themselves as a leader in multiple recovery pathways in Ohio. The ADAMH Board has provided operational and programmatic funding to HRC, as well as the physical site for their Medina location. In April 2022, the ADAMH Board provided support for HRC to expand into Brunswick, making them the first RCO in Ohio to have a second location in the same county. In FY2022, the ADAMH Board was successful in receiving state capital funding to expand the house on Highland Drive, in order to increase space for needed programming and training. This project started on June 13, 2022 and is on track to be completed in January of 2023.

**HRC opened their doors in October 2019 and have already established themselves as a leader in multiple recovery pathways in Ohio.**

Hope Recovery Community has worked hard to partner with the community, while putting the needs of those they serve at the forefront. Their partners include ADAMH Board provider agencies; such as OhioGuidestone and Alternative Paths, and non-ADAMH funded agencies such as LCADA Way and Community Assessment & Treatment Services (CATS). HRC works closely with Cathy's House and also has a major role in the ADAMH Board's Discovery Recovery House. HRC works with the Medina County Probation Departments, Medina County Job and Family Services, and the Medina County Health Department, area hospitals, as well as numerous other residential and detox facilities across Ohio. In a very short time, HRC has become an important and highly regarded part of the Medina community.
